Some photos indicate potentials some are actual

The Ambassador Program prepares, trains and commissions participants for lives of dynamic service to humanity, bringing forth the life giving truths and cosmic perspectives of the Urantia Revelation.

It is a unique opportunity for participants to develop and nurture co-created service projects that transforms their lives, inaugurating unprecedented worldwide changes bringing forth the social, moral, economic, and political reorganization of the world.

Through our Ambassador Program we:

- 1) Commit to an ever-evolving process of revealing the highest spiritual concepts, living by them, and seeking divine guidance for delivering them through service to humanity.
- 2) Are the architects and directors of projects, programs and paradigms that cause unprecedented transformation on the planet.
- 3) Dedicate ourselves to being "love saturated" examples of the life and teachings of Jesus.

The Ambassador Program of Urantia
by Aurora Hill

The new Ambassador Program of Urantia (APU) is a unique opportunity for participants to create Service Projects that transform their own lives and the lives of those they serve. The APU was founded to support individuals who have the desire to make a difference in the world

through service projects of their own design. Ambassadors in the program create and implement dynamic service projects ranging in complexity from local, community oriented projects to national and/or international projects that reach across the globe. Each Ambassador, as director of their own project, works with a Certified Life Coach to design a working plan for their vision. The coach continues to work with them as their project takes shape and begins to grow. Ambassadors become leaders in their own project while learning to coach new Ambassadors coming into the Program.

For those with a desire to serve, and a vision for ways to make a difference in the world, the Ambassador Program of Urantia may be the Program for you to get involved with. Our roster of Service Projects is a collection of existing programs that have proven to be effective and offer different levels of commitment. Utilizing the experience and guidelines of previous participants, you can model your project after one that has already been up and running. An experienced Coach will work with you to create a project that suits your abilities and personal plans.

The APU has immediate needs also. Your involvement could be in service to the Ambassador Program in the form of administrative assistance, grant writing, media/web or IT work or fund raising. We're looking for dedicated people to participate in various capacities. For more information about involvement in the Ambassador Program of Urantia, please contact Aurora Hill at aurora2810@yahoo.com Request an introduction packet and an application today and start the New Year with a commitment to the service project you have envisioned and didn't quite know how to start.

The Ambassador Program of Urantia is a project of InnerLife International, Inc. a U.S. 501(c)(3) Non-Profit organization.

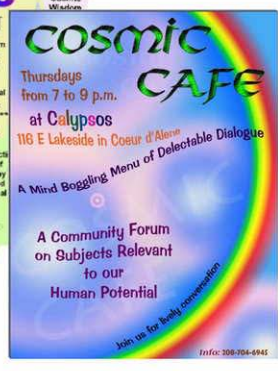

Cosmic Cafe'

Providing regularly scheduled focused discussion that enhances spiritual awareness such that all involved are uplifted and transformed

Cosmic Cafe' brings the revelation to the people of our planet by providing a public forum where open discussion is held on topics relevant to our human potential. It serves as a "distribution system" for higher truth and ultimately creates a new community of truth seekers who are drawn together by the non-judgemental and love-centered sharing.

Bringing the revelation to humanity one person and one community at a time.

Reaching out to spiritually hungry individuals

For more information and a starter package, contact: Mark and Kathy at markathy606@shaw.ca

All actual photos of Cosmic Cafés

Cosmic Café By Kathy George-Moore

We discovered an amazingly simple and effective way to serve our community through a spiritually uplifting project, full of opportunity to grow, share and develop the cosmic family.

The Cosmic Café first introduced in Idaho has been tried out in Winnipeg Manitoba and has been found to be incredible in its diversity and value toward building a spiritual community. The comments below show this.

"I think it has huge potential. Much more than the churches/religions. If we all share where we come from we will all come together in the journey. Empathy on a spiritual level. Listening is the important part. You already know what you think. The key is hearing other paths/perspectives."

"I was so grateful tonight to have the opportunity to witness the Supreme unfolding and to actually be aware of it as it is happening. When the young, beautiful, confident woman from Nigeria shared her life experience with intuition with a room full of people she had never met, it was beyond words to express my Joy."

"This evening, the diverse ways of sharing through music, poetry and words brought a better understanding of the spirit of understanding and how present it is within each of us. How it can be uniquely expressed through our various flavors and talents."

It is incredibly easy to start a Cosmic Cafe, if you would like information contact us: markathy606@shaw.ca

InnerLife International Welcomes New Board Members

Christilyn Biek is one of ILI's newest Board Members. She comes to the InnerLife team as a second generation Urantia Book reader with a background in Comparative Religion from the University of Wisconsin along with experience from the Boulder School in Boulder Colorado where she underwent extensive study of the Urantia Book. She is an Interfaith minister who focuses on spreading the Gospel of Jesus of the Fatherhood of God and the Brotherhood of man.

Christilyn is also a new applicant to The Ambassador Program of Urantia (See related article on the Ambassador Program of Urantia) where her project goal is to promote a faith-based program of Extended Family Foster Care within the extended Urantia Community. The focus of the new program will be training youth and young couples in the arts of family counsel, marriage and family preparation, parenting training, and providing a network of mentors for foster parenting, foster grandparenting and foster aunts and uncles.

Patrick Yesh, a student of the UB for over 20 years, also joins the ILI Board of Directors graciously assuming the role of Board Secretary. Patrick is a Spiritual Portrait artist with a Master of Education and Art Therapy and has developed workshops that teach participants to realize themselves as soul. He recently taught a series of online courses on our relationship with our Thought Adjuster. Of that experience Pat says: "Now that was an unexpected challenge, because I had to own that relationship deeper than ever, before I started preaching!"

Patrick also serves on the Board of Directors of the new Urantia Canada organization and will work with ILI as a liason to Urantia Canada.

Meredith Tenney returns to ILI as a new Ambassador Program participant and founder of the Garden Project. She will participate on the ILI Board as the liason to the Garden Project. Meredith has long been a supporter and participant in ILI programs and projects. She was a founding member before we were known as InnerLife International and participated in the early vision of what the organization would represent. Meredith contributed significant energy to the development of ILI's Vision, Mission Statement and Transformation Declaration as well as creation of the Bylaws and working toward ILI becoming a 501(c)(3) non-profit organization. Welcome back to board participation Meredith.

Christilyn, Patrick and Meredith represent the newest additions to the ILI Board and we welcome their expertise and commitment to the future of InnerLife International.

Message from the Treasurer

I am delighted to serve as ILI's treasurer and will be seeking new means of funding our projects and programs. We can be seen as a spiritual "think tank"; and, as such, people are not usually inclined to donate to an "idea in the making". Humans naturally like to support programs that are up and running and visible in the world around us.

It has been a challenge, for this reason, to acquire funding in the past. We now have viable programs operating and we are seeking funding directed at programs like the Ambassador Program of Urantia (APU) which is destined to be our flagship program. APU fulfills the original vision and mission of ILI – to train teachers and leaders. This exciting adventure is now in need of financial support to provide training for our new student ambassadors. I am introducing an

“adopt an ambassador” program in 2009 so you can support an ambassador in achieving their high goal of bringing the revelation forth to the planet in the method of their choosing. (For more information see the article on the Ambassador Program of Urantia)

We work hard toward our vision that was created from a perceived need to *do something* to bring the Good News to our troubled planet. We appreciate any support you can provide, either financial or in other ways such as logistical, technical or administrative.

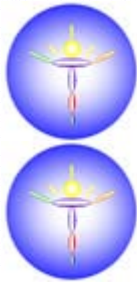

Tax deductible donations can be made out to:

InnerLife International, and sent to ILI, c/oThomas Orjala, Treasurer, 782 S. Ruby Rd., Coeur d’Alene, Idaho 83814.

For more information e-mail me at tomo@imaxmail.net

Thank you for your many contributions to the revelation and to InnerLife International.

Thomas Orjala
Treasurer, InnerLife International, Inc.
